We also kindly ask you to decide already on the Gala-Dinner-Menu at arrival back between 5:30 and 7:00 PM.

Tough Heart Song
The Swiss band „elven“ especially wrote a song for us and our ToughHearts Conference. The song is now available on our website and will be given to you before departure on a stick. If you want to use it on your own GUCH-website, please inform us (as we need to know that for copyright reasons)

News around the Conference

Successful Conference Opening

Yesterday, we enjoyed a wonderful and interesting opening of our conference. The highlights included the opening address held by our beloved GUCH-doctor Prof. Dr. Erwin Oechslin, the touching speech of Peter Nieuwendijk, the presentation of CUORE MATTO by our much loved Noémi, the amusing speech held by Prof. Dr. Thierry Carrel and the emotional and enriching Round Table with GUCH-doctors from all GUCH-centers in Switzerland. It was great to feel that the discussion topic „Learning from each other“ touched a lot of you and that you contributed on a deep level to the discussion with the doctors. Thank you all for that!

Hearty Quote of the Day
“Hearts live by being wounded”
— Oscar Wilde, 1854 – 1900, an Irish writer and poet
