

# Tough heart

Born with a heart that's broken  
With words that can't be spoken  
I'll shout them out and tell the world  
My courage has awoken

I'll find a way to mend  
The broken heart inside  
Of me  
A way to set me free

*Refrain:*

*I have a tough heart from a rough start  
My feet are on the ground it seams  
I have a tough heart from a rough start  
It's time to go and live my dreams*

There's a path that only I can tread  
Walking on my feet  
Head held high I'll carry on  
I'm living to the beat to the beat

I'll find a way to mend  
The broken heart inside  
Of me  
A way to set me free

*Refrain:*

*I have a tough heart from a rough start  
My feet are on the ground it seams  
I have a tough heart from a rough start  
It's time to go and live my dreams*

Sometimes I'm on the brink  
But there's no time for me to think  
Hope keeps me alive  
There's so much more, I can survive

*Refrain:*

*I have a tough heart from a rough start  
My feet are on the ground it seams  
I have a tough heart from a rough start  
It's time to go and live my dreams*
